✦ Paving the way towards Sustainable Entrepreneurship Education

15 March 2022 from 10.00 to 13.00 (Online)

The European Bioeconomy Network, Transition2Bio, the European Community of Practice for Bioeconomy Education, BIOSKILLS, BIOBec and the European Bioeconomy University (EBU), will organize the workshop **“Paving the way towards Sustainable Entrepreneurship Education”**.

This workshop will involve projects and initiatives interested in the intersection of Entrepreneurship Education (EE) and Sustainable Education (SE), with a special focus on circular and sustainable bioeconomy. The aim is to identify how the cross-fertilisation of EE and SE can help design educational curricula and extra-curricular activities for sustainability-minded entrepreneurs of tomorrow.

Format

During the workshop several projects and initiatives will be involved in the presentation of inspirational case studies in order to share good practices and increase knowledge about the topic in a mutual learning activity. Participants will be engaged in an interactive discussion to collect suggestions and inputs in order to generate ideas towards Sustainable Entrepreneurship Education.

Agenda

11.45-12.50	Interactive session
	<ul style="list-style-type: none"> • What are the competences of a sustainable entrepreneur? • How education providers can respond? <ul style="list-style-type: none"> ○ What level of education can provide Sustainable Entrepreneurship Education? ○ How? What type of actions (capacity building, formal/informal education, incubators, etc...) ○ Who can undertake this task? • Good practices of Sustainable Entrepreneurship Education in Europe: sharing of concrete examples/case studies. • Recommendations to address the gaps.
12.50-13.00	Conclusions

Expected outcomes

- Facilitate Mutual Learning and Knowledge Sharing among the 2 domains (EE and SE), with a special focus on circular bioeconomy
- Identify the skills and competences needed by Sustainable Entrepreneurs
- How this affects the existing educational communities
- Provide recommendations for topics, issues and challenges that need to be addressed in future research

Target audience

The organizers encourage the participation of EU funded projects in education, EU policy officers, Ministries of education, Ministries of labour, Ministries of green transition, Educational providers, Industrial clusters, Incubators and accelerators.
